Aarav Arudia

LinkedIn: www.linkedin.com/in/aarav07
GitHub: https://github.com/Ashu-Arudia
Email: aaravarudi@gmail.com
Mobile: +91-9352145117

Skills

Languages: Python, C, C++, JavaScript, TypeScript
Frameworks: Scikit-learn, Node.js, Express.js, React.js, Next.js
Tools/Platforms: Expo, Docker, Git, Android Studio, MySQL, MongoDB, Postman, Socket.IO
Data Analysis: Pandas, NumPy, Exploratory Data Analysis (EDA), Data Cleaning, Feature Engineering
Soft Skills: Adaptability, Quick learner, Analytical Thinking, Leadership

Internship

- **Software Developer Intern | Egel Softwares | Certificate** — Aug' 25 – Nov' 25
  - Led the end-to-end development of a cross-platform HR and attendance application
  - Designed and integrated an AI-powered face recognition, reducing manual effort by approximately 40%
  - Collaborated through daily Google Meet standups and iterative feedback loops with senior developers
  - Adapted rapidly to new technology such as Odoo while resolving team approach conflicts under tight timelines

Projects

- **Code Red – Competitive Programming Platform | GitHub** — Since Oct' 25
  - Addressing low engagement in DSA practice by introducing real time **1v1** and friendly coding platform
  - Building a gamified multiplayer platform where programmers compete live while solving DSA problems
  - Implemented a real-time system using Next.js with **Zustand**, Redis **WebSocket** and **Dockerized** deployment
  - Enhanced user engagement through competitive learning while deepening understanding of real-time flow

  Tech used: TypeScript, Python, **Redis, Fast Api**, Next.js, **WebSocket, Real-time System**

- **Smart Crop Yield Prediction System | GitHub** — Nov' 25 - Dec' 25
  - Created a predictive system to forecast crop yield accurately using historical agricultural data
  - Integrated feature engineering pipelines and trained ensemble ML models, deploying inference via FastAPI.
  - Enabled data-backed yield estimation while strengthening skills in model evaluation and deployment pipelines

  Tech used: Python, Pandas, FastAPI, **XGBoost**, **Next.js**, **Cesium.js**, Tailwind CSS

- **HR Attendance & Authentication System | GitHub** — Aug' 25 – Nov' 25
  - Delivered an application to eliminate attendance fraud and manual errors caused by proxy check-ins
  - Architected a secure attendance workflow with geolocation-based check-ins and automated leave arrangement
  - Developed an application using React Native, integrated ML-based face recognition and REST APIs with Odoo
  - Reduced manual attendance effort by ~40% while improving system reliability and automation

  Tech used: **React Native**, **Odoo Framework**, **Expo**, Tailwind CSS, **MediaPipe**, **FaceNet**

Training

- **Full Stack Development in React and Node | LPU | Certificate** — Jun' 25 – Jul' 25
  - Learned core principles of frontend–backend integration, RESTful API, and database-backed application
  - Applied concepts like authentication, CRUD operations, and state management directly in real world projects
  - Strengthened understanding of production-oriented development through Git-based collaboration

Certificates

- Full Stack Development in React and Node | LPU | **Link** — Jul' 25
- Introduction to Probability Theory and Statistics | NPTEL | **Link** — Apr' 25
- Mastering in C: Basic to Beyond | CSE Pathshala | **Link** — Mar' 24

Achievements

- Solved 150+ data structure and algorithms problems on **Leetcode** — Jan' 26
- Achieved rank among top 10 in WebKaHackathon — Jul' 24

Education

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology – Computer Science and Engineering**: CGPA: 7.9** — Since Aug' 2023
- **Emmanuel Mission Sr. Sec. School** — Jaipur, Rajasthan
  Intermediate; **Percentage: 75.0** — Apr' 21 – Mar' 22
- **Emmanuel Mission Sr. Sec. School** — Jaipur, Rajasthan
  Matriculation; **Percentage: 67.7** — Apr' 19 – Mar' 20
